Why Women Earn Less Than Men.

There are reasons why women are not in very case paid as well as men, and they are arge, economic reasons which deserve conderation. Among them are these : There is undoubtedly a cheaper standard of living among women than among men; women as a class have less good equipment for life work than men because the expectation in many cases is that the work will be interrupted by matrimony; and, most of all, women have come into the industrial field as a new ecnomic factor, and industry has not yet aujusted itself to ner. - Forum.

A lady of fine artistic taste has discovered hat at church parade her prayer-book, by its incongruous color, entirely ruins the effect of a carefully conceived costume. It struck a discord in an otherwise perfectly harmonious dress. This has been remedied by having a cover to her prayer-book which shall be perfectly in accord with the leading tone of her garments. The praver-book cover will henceforth receive as attentive consideration as the bonnet, the gloves and the sun-
